SC02-I3 Series

ZKTeco Interactive Whiteboard

I3 Series Highlights

ZKTeco's advanced interactive whiteboard is designed to promote inspirational knowledge sharing in business, educational, finance, healthcare, manufacturing and exhibit environments. The SC02-I3 Series offers an all-in-one meeting solution that streamlines your workflow through seamless screen sharing, whiteboard writing, and video conferencing capabilities. Discover the power of immersive learning with I3 Series products and unlock endless possibilities for your students' learning journey.

Android 14

4K

500 Nits

NFC

Wi-Fi 6

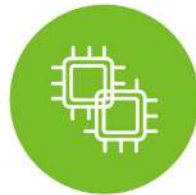

50 Touch Points

48 MP Camera

8-Mic Array

Dual System

60W Speakers

Type-C (65W)

HDMI OUT

4K Ultra HD Display

SC02-I3 Series interactive whiteboard uses a 4K UHD display and anti-glare display surface to improve visibility from any angle and minimize reflections for enhancing user experience.

SC02-I3 Series provide immersive collaboration with 50 touch points which enhances content creation, supports multi-users and high-quality media playback.

These advantages collectively makes our SC02-I3 Series a valuable tool for education, business, finance, healthcare, manufacturing and exhibition environments.

48 MP Camera

The integrated 48MP camera with the intelligent auto-framing, speaker (face & voice) tracking enhances the interactive whiteboard user experiences by delivering high-quality video streaming and recording with noise reduction. Designed for professional and educational settings, the camera ensures immersive, high-fidelity interactions with responsive visual capture.

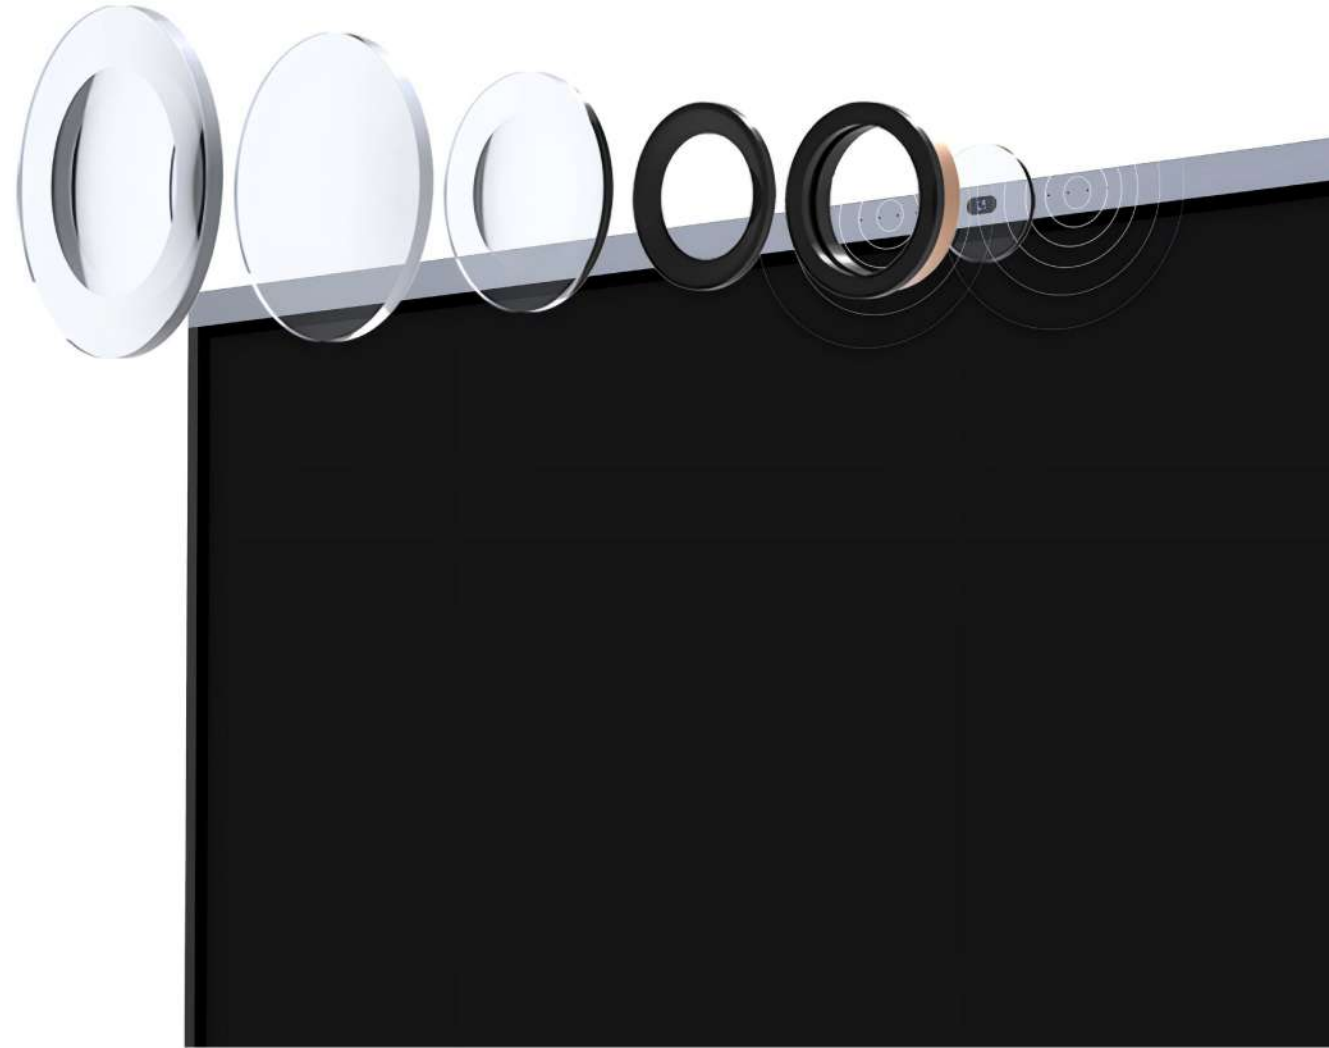

Speaker Tracking

Automatically adjust the field of view based on the personnel in the camera.

Auto Framing

Automatically adjust the field of view based on the personnel in the camera.

8-Mic Array

Revolutionary design for wider sound capture, integrating a microphone array positioned at the top with a touch frame.

Intelligent Noise Reduction

Stay focused on the conversation, not the background noise. The SC02-I3 series effectively filters out common meeting room noises for clearer sound pickup.

Echo-Free Dual Talk

Enjoy clear conversations with everyone being heard and understood.

Real-Time Audio Transmission

Low latency that makes you feel like you're on the spot, enhanced real-time audio for a more immersive online meeting experience.

Video Conference Meeting

Support Many Apps on Dual Systems

Android 14.0

Windows (Optional)

Support Highly Effective Meeting

Intelligent WhiteBoard

SC02-I3 Series support intelligent handwriting recognition and built-in browser. It also supports multiple files format (PDF, PPT, JPG, Word) reading.

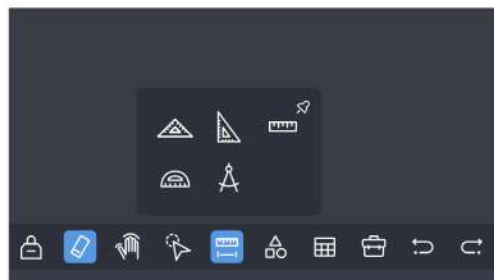

50 Touch Points

Support 50 touch points to let everyone interact on the display at the same time.

Ultra-Low Latency Writing

Delivering a writing delay of less than 30ms, making it feel as natural and responsive as writing on paper.

Diverse Assistant Tools

Support compasses, rulers, triangular rulers, protractors, tables, and flowcharts.

NFC Technology

Unlock infinite customization possibilities with NFC access control on our I3 series. Enjoy easy swipe control, screen lock/unlock, and touch lock features for effortless navigation.

Multi-Window APP

Quick Launch

Click the toolbar icon on the edge.

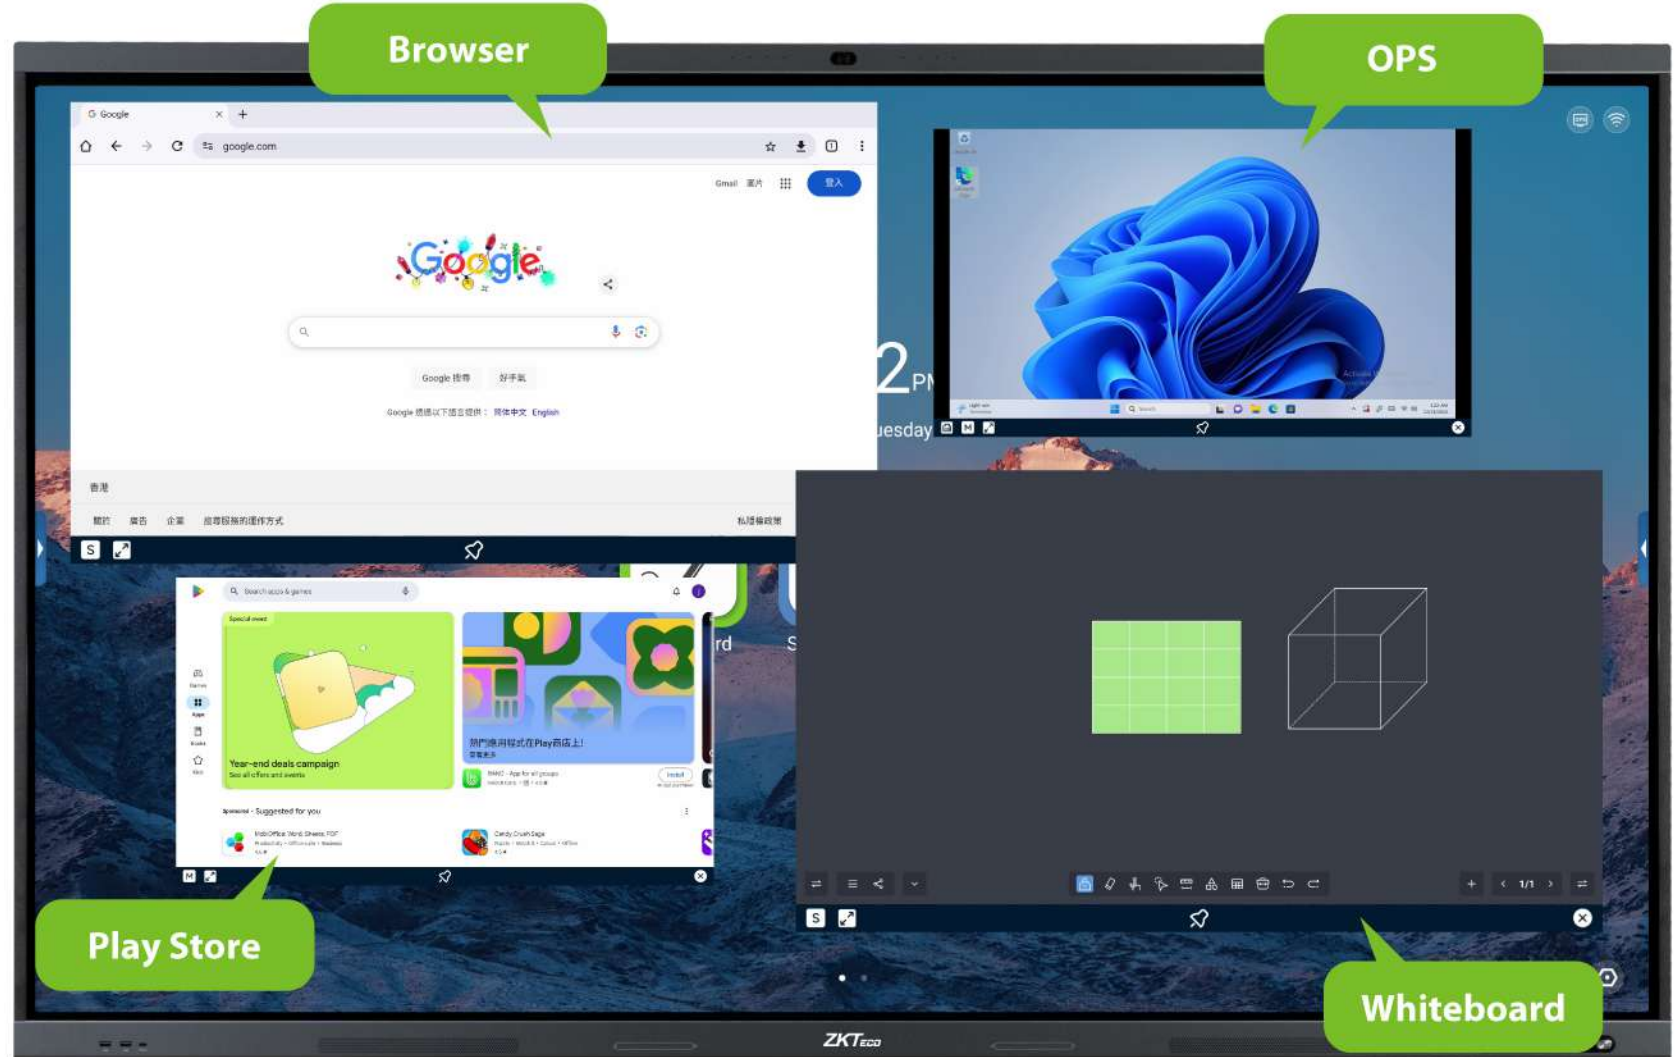

Multi-Window

Multi-screen input up to 4 Apps at the same time.

Smooth Switching

Unrestricted zooming in / out and horizontal panning.

| Wireless Screen Mirroring

Screen Group

Supports real-time wireless synchronization of screen images between multiple I3 devices, making it easy to achieve more people to watch at the same time in large venues.

BYOM

Enable your own laptop to use the camera and microphone of the I3 devices, easily capturing the view of the full meeting room.

Two-Way Control

You can control both your device and the panel at the same time after mirroring, making presentations more flexible.

Google Cast

Devices and applications that support Google Cast can directly use Google Cast to quickly cast the screen.

9-Split Screen

Support 9 devices such as mobile phones, tablets, and computers to be mirrored to the I3 devices at the same time, making comparison of data tables clearer.

Dual System

Switch with Ease

Users can switch between their dual systems with just one click.

- Built-in Android 14.0 (Standard)
- Insert optional OPS (16GB+512GB Max) for Windows compatibility.
